What is Current Purpose for EAC

: Make Halls Corner into an accessible, attractive retail area

Valerie Massard

Hall's corner: The town has applied to be part of the State's Complete Streets program. Changes have been made that make it easier for South Shore communities to use these funds. Duxbury would be eligible for money to receive funds for the Highway Town Plan, sidewalks, parking.

Plan is made by the town and if accepted, 100% funding from the state to complete project while the town pays for the engineering.

Town Clerk ( Susan Kelly) has found old town plans/record keeping and needs help with research. Group to help with research will meet Thursday mornings.

This binder has all the records and Susan Kelly believes the original plans for Hall's corner are in it, once located it can then be compared to the EAC's compiled plan to help complete lot lines approvals.

Halls Corner review

- : Government approved plans States Complete streets program.
- : Discovery of what exists in the Town hall records vs the new plan EAC paid for
- : Survey vs Layout of the government approved roads.
- : Have suggested reviews of signage and walkways

New Business
